UpskillMe

Accessibility Statement – Upskill Me

This statement was last updated in April 2026.

At Upskill Me, we are dedicated to providing a positive experience for all young people in Years 12-13 who participate in our career events programmes. We aim to remove barriers and make our events accessible to individuals with diverse needs and abilities.

What accessibility is

In the context of our career events programme, accessibility means creating an inclusive environment where all participants can navigate, understand, and engage with the content and activities offered. We strive to ensure that our programme provides a seamless experience for everyone, regardless of their abilities.

Accessibility adjustments for our career events programme

Upskill Me has implemented various accessibility measures to ensure that our career events programme aligns with the WCAG guidelines. We have taken steps to make our programme compatible with assistive technologies, such as screen readers and alternative input devices. Some of the key adjustments we have made include:

- Utilizing accessible event registration forms and materials
- Providing captioning (where available) for event presentations
- Ensuring venue accessibility and accommodation for diverse mobility needs
- Offering alternative formats for event materials upon request
- Facilitating inclusive networking opportunities
- Declaration of our commitment to accessibility

While we strive for full accessibility, there may be instances where certain aspects of our events may not fully align with accessibility standards. In such cases, we are dedicated to promptly addressing any reported issues and making necessary improvements to enhance the overall accessibility of our programme.

Inclusive practices at Upskill Me

At Upskill Me, we are committed to fostering an inclusive environment in all aspects of our career events programme. Our physical event locations are selected with accessibility in mind, and we ensure that our venues offer appropriate facilities and accommodations for participants with disabilities. Additionally, our team is trained to provide support and assistance to individuals with diverse needs throughout our events.
